SANS 300127:1999

Edition 1 and nat. amdt 1

ETSI EN 300127:1999

Edition V.1.2.1

Any reference to SABS EN 300127 is deemed
to be a reference to this standard
(Government Notice No. 1373 of 8 November 2002)

SOUTH AFRICAN NATIONAL STANDARD

Electromagnetic compatibility and Radio spectrum Matters (ERM) — Radiated emission testing of physically large telecommunication systems

This national standard is the identical implementation of ETSI EN 300127:1999
and is adopted with the permission of the European Telecommunications
Standards Institute.

Edition 1 and nat. amdt 1

ETSI EN 300127:1999

Edition V.1.2.1

Table of changes

Change No.	Date	Scope
Nat. amdt 1	2007	Amended to change the designation from SABS to SANS, with no technical changes.

National foreword

This South African standard was approved by National Committee SABS TC 73, *Electromagnetic compatibility*, in accordance with procedures of the SABS Standards Division, in compliance with annex 3 of the WTO/TBT agreement.

This SANS document was published in June 2007.

This SANS document supersedes SABS EN 300127:1999 (first edition).

This SANS document has been regulated by the Independent Communications Authority of South Africa (ICASA). This SANS document, by reference, forms part of the *Regulations in respect of technical standards for electronic communications equipment*, also known as the *Official list of ICASA regulated standards for technical equipment and electronic communications facilities*, as published by Government Notice No. 46 of 2010 (Government Gazette No. 32885) of 22 January 2010.

<p>Reaffirmed and reprinted in November 2011. This standard will be reviewed every five years and be reaffirmed, amended, revised or withdrawn.</p>
