Table of changes

Change No.	Date	Scope
ECE amdt 1	2007	Amended to change the scope, to insert a new footnote to the scope, to change and to renumber the footnote regarding the distinguishing number of the country which has granted approval in the clause on approval (clause 5), and to renumber the remaining footnotes.
Nat. amdt 1	2007	Amended to add information to the national foreword that relates to the colour of side retro-reflectors.

National foreword

This South African standard was approved by National Committee SABS/TC 1070, *Retro-reflection*, in accordance with procedures of the SABS Standards Division, in compliance with annex 3 of the WTO/TBT agreement.

This SANS document was published in November 2007. This SANS document supersedes SANS 20003:2005 (edition 2).

For the compulsory application of this standard, the stringency level, the date of entry into force and any additional requirements, if needed, are published in the applicable compulsory specification in the Government Gazette.

| In South Africa the colour for the side retro-reflector is amber.
