**Cleansing and wetting  
procedures for use in  
the assessment of the  
effect of cleansing and  
wetting on the  
flammability of textile  
fabrics and fabric  
assemblies**

## Committees responsible for this British Standard

The preparation of this British Standard was entrusted by the Textiles and Clothing Standards Policy Committee (TCM/-) to Technical Committee TCI/25, upon which the following bodies were represented:

British Interlining Manufacturers Association  
Home Laundering Consultative Council  
International Institute for Cotton  
International Wool Secretariat  
Man-made Fibres Producers Committee  
Ministry of Defence  
Soap and Detergent Industry Association  
Textile Research Council

The following bodies were also represented in the drafting of the standard, through subcommittees and panels:

Department of Health  
Department of Trade and Industry (Consumer Safety Unit, C A Division)  
Textile Institute

This British Standard, having been prepared under the direction of the Textiles and Clothing Standards Policy Committee, was published under the authority of the Board of BSI and comes into effect on a date to be announced (see foreword)
