SOUTH AFRICAN NATIONAL STANDARD

Protection against lightning

Part 3: Physical damage to structures and life hazard

This national standard is the identical implementation of IEC 62305-3:2010, and is adopted with the permission of the International Electrotechnical Commission.

National foreword

This South African standard was prepared by National Committee SABS/TC 067/SC 06, *Electricity distribution systems and components – Installations*, in accordance with procedures of the SABS, in compliance with annex 3 of the WTO/TBT agreement.

This SANS document was published in June 2011.

This SANS document supersedes SANS 62305-3:2007 (edition 1).

Compliance with this document cannot confer immunity from legal obligations.
