© SABS

In terms of the Standards Act 8 of 2008, the copyright in all South African National Standards or any other publications published by the SABS Standards Division, vests in the SABS. Any use of South African National Standards is limited to use specifically prescribed by the SABS. In the case of a South African National Standard based on an international standard, ownership of the copyright vests in the organization from which the SABS adopted the standard, whether it be under licence or membership agreement. The SABS is obliged to protect such copyright and is authorized to make the relevant international organization aware of any misuse thereof. Unless exemption has been granted, no extract or full text of any South African National Standard may be copied, reproduced, stored in a retrieval system or transmitted in any form or by any means without prior written permission from the SABS Standards Division. This does not preclude the free use, in the course of implementing the standard, of necessary details such as symbols, and size, type or grade designations. If these details are to be used for any purpose other than implementation, prior written permission must be obtained.

Details, advice and limitations of use can be obtained from the Manager: Standards Sales and Information Services. Tel: +27 (0) 12 428 6883 email: [sales@sabs.co.za](mailto:sales@sabs.co.za)

### **SABS – Standards Division**

The objective of the SABS Standards Division is to develop, promote and maintain South African National Standards. This objective is incorporated in the Standards Act, 2008 (Act No. 8 of 2008).

The SABS continuously strives to improve the quality of its products and services and would therefore be grateful if anyone finding an inaccuracy or ambiguity while using this standard would inform the secretary of the technical committee responsible, the identity of which can be found in the foreword.

Change No.	Date	Scope
Amdt 1	2019	Amended to change the designation from SABS to SANS, to move reference to national legislation to the foreword, to update the subclause on records of results of inspections, examinations and tests, to delete the subclause on the control system general safety requirements, and to update the subclause on system requirements.

### Foreword

This South African standard was prepared by National Committee SABS/TC 082/SC 01, *Mining equipment – Underground transport systems*, in accordance with procedures of the South African Bureau of Standards, in compliance with annex 3 of the WTO/TBT agreement.

This document was approved for publication in February 2019.

This document supersedes SANS 10335:1999 (edition).

A vertical line in the margin shows where the text has been technically modified by amendment No. 1.

Reference is made in 2.1(b), 2.2, 3.1, 4.6.4 and clause 8 to the "relevant national legislation". In South Africa this means the Mine Health and Safety Act, 1996 (Act 29 of 1996). **Amdt 1**

**Compliance with this document cannot confer immunity from legal obligations.**
