COPYRIGHT PROTECTED DOCUMENT

© SABS

In terms of the Standards Act 8 of 2008, the copyright in all South African National Standards or any other publications published by the SABS Standards Division, vests in the SABS. Any use of South African National Standards is limited to use specifically prescribed by the SABS. In the case of a South African National Standard based on an international standard, ownership of the copyright vests in the organization from which the SABS adopted the standard, whether it be under licence or membership agreement. The SABS is obliged to protect such copyright and is authorized to make the relevant international organization aware of any misuse thereof. Unless exemption has been granted, no extract or full text of any South African National Standard may be copied, reproduced, stored in a retrieval system or transmitted in any form or by any means without prior written permission from the SABS Standards Division. This does not preclude the free use, in the course of implementing the standard, of necessary details such as symbols, and size, type or grade designations. If these details are to be used for any purpose other than implementation, prior written permission must be obtained.

Details, advice and limitations of use can be obtained from the Manager: Standards Sales and Information Services. Tel: +27 (0) 12 428 6883 email: sales@sabs.co.za

SABS – Standards Division

The objective of the SABS Standards Division is to develop, promote and maintain South African National Standards. This objective is incorporated in the Standards Act, 2008 (Act No. 8 of 2008).

The SABS continuously strives to improve the quality of its products and services and would therefore be grateful if anyone finding an inaccuracy or ambiguity while using this standard would inform the secretary of the technical committee responsible, the identity of which can be found in the foreword.

Buying Standards

Contact the Sales Office for South African and international standards, which are available in both electronic and hard copy format. Tel: +27 (0) 12 428 6883 email: sales@sabs.co.za

South African National Standards are also available online from the SABS Webstore www.store.sabs.co.za

Information on Standards

SABS Customer Services provide comprehensive standards-related information on national, regional and international standards. Tel: +27 (0) 12 428 7911 / 0861 27 7227 email: info@sabs.co.za

SANS 110:2017
Edition 1.5

Table of changes

Change No.	Date	Scope
Amdt 1	1976	Amended to change the requirements for marking.
Amdt 2	1977	Amended to amplify the requirements for marking and to insert an additional appendix to cover notes to manufacturers regarding essential properties of primers.
Amdt 3	1990	Amended to change the requirement and the test method for resistance to compression-extension cycling.
Amdt 4	2011	Amended to change the designation of SABS standards to SANS standards, to include the definition for "acceptable", to delete reference to "Portland" and to update referenced standards.
Amdt 5	2017	Amended to update the requirements for exposure station.

Foreword

This South African standard was prepared by National Committee SABS/TC 1012, *Sealants*, in accordance with procedures of the South African Bureau of Standards, in compliance with annex 3 of the WTO/TBT agreement.

This document was approved for publication in November 2017.

This document supersedes SABS 110:2011 (edition 1.4).

A vertical line in the margin shows where the text has been technically modified by amendment No. 5.

Compliance with this document cannot confer immunity from legal obligations.

Contents

	Page
Foreword	
1 Scope	3
2 Definitions	3
3 Requirements	4
4 Packing and marking	6
5 Sampling and compliance with the specification	7
6 Methods of test	7
6.1 Preparation of test samples and test substrates	7
6.2 Application (work) life	8
6.3 Rheological properties	8
6.4 Tack-free time	9
6.5 Mass loss and resistance to heat aging	10
6.6 Staining	11
6.7 Plastic deformation	12
6.8 Adhesion and cohesion in tension	13
6.9 Adhesion in peel	15
6.10 Adhesion in peel after ultra-violet radiation exposure through glass	16
6.11 Weather resistance	16
6.12 Hardness	17
6.13 Compression-extension cycling test	18
	Amdt 3
Figures 1, 2, 4	19-21
	Amdt 3
Appendix A Applicable standards	22
Appendix B Notes to purchasers	22
Appendix C Notes to users	23
Appendix D Note to manufacturers	25
	Amdt 2
